

Invitation

Take Back Control with IBM Tivoli Software Simple, Fast, Secure IT Management

This is your invitation to a no-cost seminar that will show you how easy and affordable it can be to automate identity management tasks.

Our experts will show you how one-click, single-server installation can immediately:

- Cut turn-on time and cost for new accounts, accelerating revenue opportunity
- Automate Sign-on and eliminate users' need to manage passwords
- Enhance security by finding and eliminating orphaned and outdated accounts
- Improve regulatory compliance with automatic account recertification
- Allow IT resources to increase focus on strategic business objectives

Automate and streamline your identity management tasks with ITIM Express and TAM-ESSO, the only identity management solutions developed specifically for mid-size companies.

IBM Tivoli® Identity Manager Express (ITIM Express) and Tivoli Access Manager for Enterprise Single Sign-On (TAM-ESSO) provide mid-size and smaller companies with simple yet powerful solutions for password management, user provisioning, and access rights reporting.

Join us on **Thursday, May 11, 2006** from 11:30am to 1:30pm in Room 5010 of the IBM Briefing Center at **1503 LBJ Freeway in Dallas, Texas.**

Lunch will be included, and we will also have a drawing for a first rate door prize available to all attendees.

**I've discovered
Tivoli Express.**

I'm back in control.
